

❖ LIQUID PROCESS FILTRATION EQUIPMENT AND CONSUMABLES

Food and Beverage) Pure Solutions of filtration system & process equipments

Pressure Leaf Filter (Vertical / Horizontal) for Edible Oil, Glucose, Sugar, Refinery, Petrochemical & Chemical companies.

Drum Flaker

- Multi easy lock Polishing bag filter
- Horizontal Pressure Leaf Filter with hydraulic auto wedge locking system. (Shell retraction type / Leaf bundle retraction type.
- Butterfly valve and vibratory assembly

Sanitary Process Filter housing

Sanitary Skid CIP System

Filter Bag housing

Wedge Wire Screen

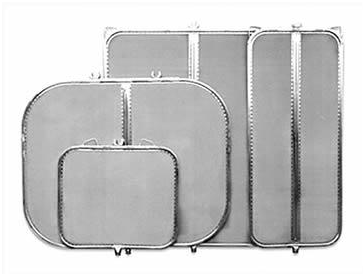

Self Cleaning Filter (Viscous)

Filter Leaves

High Quality Filter Bag and Housing for Process Liquids (Edible Oil, Water treatment, Syrup and Juice Filtration).

- Filter Bags (Polypropylene, Polyester, Nylon, Nomex material) Welded or SS ring ring
- Tri-slot wedge wire screen (Tube sceen , Lateral screen, conical basket, candles screen)
- Automatic Self cleaning filter for Viscous liquids (Syrup, Chocolate, Gums, Paints and Inks)
- Layered Leaf Filter leaves SS 316L / SS 316 (different mesh sizes, 24 x 110; 60MG; 80MG)
- Steam Filter Sintered / Pleated SS Cartridges (Melt Filter Cartridges) Titanium Filter
